Financial year for this purpose shall mean a period commencing on the first day of April and ending on thirty first day of March immediately following it:

Provided that in the event the date on which the Petroleum and Natural Gas Regulatory Board (Determination of Natural Gas Pipeline Tariff) Second Amendment, Regulation, 2020 comes into force is between first April and thirtieth September, the first unified tariff shall be determined for the period commencing from the date on which the said regulations of 2020 comes into force and ending on the immediately following thirty first March.

Provided further that in the event, the date on which the Petroleum and Natural Gas Regulatory Board (Determination of Natural Gas Pipeline Tariff) Second Amendment, Regulation, 2020 comes into force is between first October and thirty-first March, the first unified tariff shall be determined for the period commencing from the date on which the said regulations of 2020 comes into force and ending on the thirty-first March next from the one immediately following. That is to say that the first unified tariff could be determined for a period ranging between six months to eighteen months.

1.4.2. The Board may determine revised unified tariff during the financial year in case it deems it necessary to do so. Without prejudice to the generality of the foregoing provision, the Board may do so in case any new interconnected pipeline is added or an existing interconnected pipeline is removed, or approved tariff in respect of any interconnected pipeline is revised, or the quantity of gas estimated to be transported including ship or pay quantity considered by the Board for determining the unified tariff undergoes a significant change.

3. Unified Tariff submission by Settlement Committee ("SC") w.e.f. 01.04.2026.

3.1. Settlement Committee (SC), vide email dated 24.02.2026, submitted the Unified Tariff working w.e.f. 01.04.2026. The zonal tariff and estimated volumes considered by the Settlement Committee are as under:

	Unified Tariff (Rs./MMBTU)	Remarks	Volume (MMSCMD)	Percentage
Levelized	87.53			
Zone 1	56.80		61.23	40.19%
Zone 2	108.19	52.5% of Zone 2 Tariff	91.13	59.81%
Total			**152.36**	

***Notes**:*
1- The tariff above is inclusive GST impact of inter entity settlement and excl. of adjustment of Surplus/Deficit.
2- Volume in MMSCMD is calculated by SC considering a GCV of 9500 kcal/SCM.
3- 29.42 MMSCMD CGD volume of Zone 2 has been considered as CNG and PNG(D) for applicability of Zone 1 Unified Tariff.

3.2. The pipeline wise actual volume flow for FY 25-26 (till Q3 FY 25-26) and the volume submitted by the Settlement Committee is as follows:

Pipeline Name	Submitted for FY 26-27	Actual FY 25-26 till Q3	% Change

*As the base volume is low, the % change is abnormally high.

3.3. A meeting was held on 02.03.2026 with the Members of the Board to deliberate on the Unified Tariff submitted by the Settlement Committee ("SC") for implementation w.e.f. 01.04.2026. The Board took note of the submission of the SC and observed that frequent revisions may not be desirable, particularly in view of the major Unified Tariff reform implemented recently w.e.f. 01.01.2026. Further, the Board advised that the Zone-1 tariff should not be altered in the revised Unified Tariff w.e.f. 01.04.2026.

3.4. In line with the above, the revised Unified Tariff working w.e.f. 01.04.2026 is as follows:

Particulars	Unified Tariff (Rs./MMBTU)	Remarks	Volume (MMSCMD)	Volume Percentage
Levelized	87.50			
Zone 1	54.00	49.08% of Zone 2 Tariff	61.23	40.19%
Zone 2	110.02		91.13	59.81%
Total			**152.36**	

***Note**: Volume is calculated on GCV of 9500 kcal/SCM. Settlement Committee has considered Surplus/deficit as zero.*

3.5. **<u>Surplus / Deficit Amount considered by SC</u>**: Settlement Committee in its submission for Unified Tariff w.e.f. 01.04.2026 has not considered any adjustment on account of accumulated surplus amount or deficit amount.
PNGRB had revised the Unified Tariff w.e.f. 01.04.2026. In this revision, PNGRB had considered the accumulated surplus of approx. Rs.380 Crore. As per the latest settlement data submitted by the Settlement Committee till end of 1st fortnight of Feb-26, the accumulated surplus amount had reduced to approx. Rs.249 Crore. Hence, it can be seen that that there has been deficit generation in the system since the revision of Unified Tariff w.e.f. 01.04.2026.

Accordingly, the SC proposal for no adjustment on account of surplus / deficit is be accepted.

3.6. As per the PNGRB NGPL Tariff Regulations Schedule B Part A Para 6 Notes (ii):

"the formula provided in the above table shall determine the levelised unified tariff. Unified tariff for the two unified tariff zones shall be determined by the Board in a manner that the tariff for first tariff zone for unified tariff shall be 52.50% tariff for the second tariff zone;
Notwithstanding anything contained in this clause, the Board may decide any other percentage or basis other than percentage as mentioned above."

As the revised Unified Tariff has been recently implemented w.e.f. 01.01.2026, the Board has decided not to alter the Zone-1 Unified Tariff. Further, it is also necessary to revised the Unified Tariff w.e.f. 01.04.2026 to address the deficit being generated in the system. Accordingly, the following Unified Tariff is determined w.e.f. 01.04.2026:

(Rs. /MMBTU)

Particulars	SC Submission	Remarks	PNGRB Consideration	Remarks
Levelized	87.53		87.50	
Zone 1	56.80	52.5% of Zone 2 Tariff	54.00	Fixed @ Rs.54
Zone 2	108.19		110.02	

Impact of GST: The above-mentioned tariffs are inclusive of the impact of GST due to GST @18% on the settlement amount between entities.

3.7. Public Consultation Process: In terms of Regulation 2 (1) (k) of the NGPL Tariff regulation, ""unified tariff" means unit natural gas pipeline tariff, in respect of the national gas grid system determined in accordance with regulation 5A, for transportation of natural gas (excluding statutory taxes and levies) denominated in rupees per MMBTU."

In terms of the extant regulatory framework, Unified tariff shall be the weighted average of approved zonal tariffs in respect of all the pipelines forming part of the national gas grid system, considering the summation of quantity of gas estimated to be transported and the quantity of ship or pay, if any for which the pipeline entity is contractually entitled to recover approved tariff for each such pipeline, for the period for which the Unified tariff is being calculated. Here in this case the unified tariff is being calculated based on the approved tariff of the pipelines which are part of the National Gas Grid System, for the period from 1st April, 2026 to 31st March, 2027 and the estimated volumes provided by the Settlement Committee, which will be trued up based on the actual volumes being transported by various entities and the approved tariff applicable for the pipelines during the said period in the unified tariff determined for the subsequent periods.

Unified tariff is calculated based on the approved tariff which means, zone-wise natural gas pipeline tariff determined under regulation 4 or zone-wise tariff as per regulation 11 of the Petroleum and Natural Gas Regulatory Board (Authorizing Entities to Lay, Build, Operate or Expand Natural Gas Pipelines) Regulations, 2008 where PNGRB has already done public consultation. Therefore, the determination of Unified Tariff under Regulation 5A subsumes this process. Further, the provisions of the Unified Tariff provide for the true up of the estimated volumes considered, in the subsequent unified tariff. Therefore, there is no need to have public consultation while determining the current unified tariff.

4. **Decision:**

4.1. The Unified tariff shall be Rs.87.50/MMBTU (including GST implication of Rs.0.57/MMBTU) on GCV basis having Unified Zonal Tariff w.e.f. 01.04.2026 till further orders, having Unified Zonal Tariffs as follows:

Particulars	Unified Tariff (Rs./MMBTU)	Remarks
Levelized	87.50	
Zone 1	54.00	49.08% of Zone 2 Tariff
Zone 2	110.02	

***Note**:*

1- Volume is calculated on GCV of 9500 kcal/SCM. Settlement Committee has considered Surplus/deficit as zero.

2- The above tariffs are inclusive of GST impact of RS.0.57/MMBTU due to inter entity settlement.

4.2. Based on the above tariff, the Unified Tariff Paths along with ratios for invoicing are as under:
